PROFESSIONAL EXPERIENCE

Lead Flutter Developer

Mutex Tech Pvt. Ltd., Kathmandu — Flutter Developer

May 2023 – Jan 2025

- Built Android and iOS applications with Flutter and Dart for national and international clients.
- Integrated APIs, authentication, and mobile features across client projects.
- Improved application performance through code optimization and caching mechanisms using GetX.
- Published apps to the Apple App Store and Google Play Store while maintaining platform compliance.
- Debugged issues, provided technical support, and mentored junior developers on state management and UI/UX practices.

Selected Projects: Wholistic Minds, Fullmoon Mobile App, My Hotel and Homes

Mid-level Flutter Developer

Nipuna Prabhidik Sewa, Pokhara

Feb 2021- March 2023

- Developed and maintained Flutter mobile applications for client companies based in Dubai and local clients.
- Gathered requirements and prepared technical documentation for development teams.

- Implemented new features, modified existing code bases, and optimized existing applications.
- Performed debugging, software testing, and validation.
- Guided junior developers and supervised development work within the team.

Selected Projects: EBT Hospitality, Tim Hortons MPOS, HyperCity, HyperCity MPOS, Barbados Store/OSA/Warehouse App, ILG Vansales, ILG Order Booking App, EBT Loyalty App, EBT Delivery, Woodies, EBT LS – Retail, NPS ScanPayGo, BrandHouse Delivery App

Flutter Developer

Freelancer

March 2023 – May 2023 & Jan 2025 - ongoing

I worked as a freelancer, primarily for flutter projects. I am available at UpWork, LinkedIn and Indeed.

- Gathered requirements and clarified deliverables with clients.
- Planned technical approaches, packages, and plugins for project requirements.
- Designed and implemented mobile application interfaces.
- Developed, debugged, and optimized Flutter applications.
- Integrated APIs and third-party services, then tested and validated deliverables.

PROJECTS

Wholistic Minds

For Mutex Tech

Available in App Store & Play Store

Medical app that links doctors with their patients to help track their progress and health conditions, plus supplements and test records. I was the primary developer for the IOS and Android platform for the project, everything from development, debugging and submission to store.

Pokhara Food Delivery

For Nipuna Prabidhik Sewa

Available in App Store & Play Store

Food Delivery project operating in Pokhara, Nepal. I was a part of the flutter development team.

Fullmoon Mobile App

For Mutex Tech

Available in Play Store

Construction management application currently operational in Nepal. I was involved in development and publishing as well as submission of applications to the play store.
